CREDIT VOUCHERS AND ECTS CREDITS – HOW DOES IT WORK?

1 A NEW CHAPTER

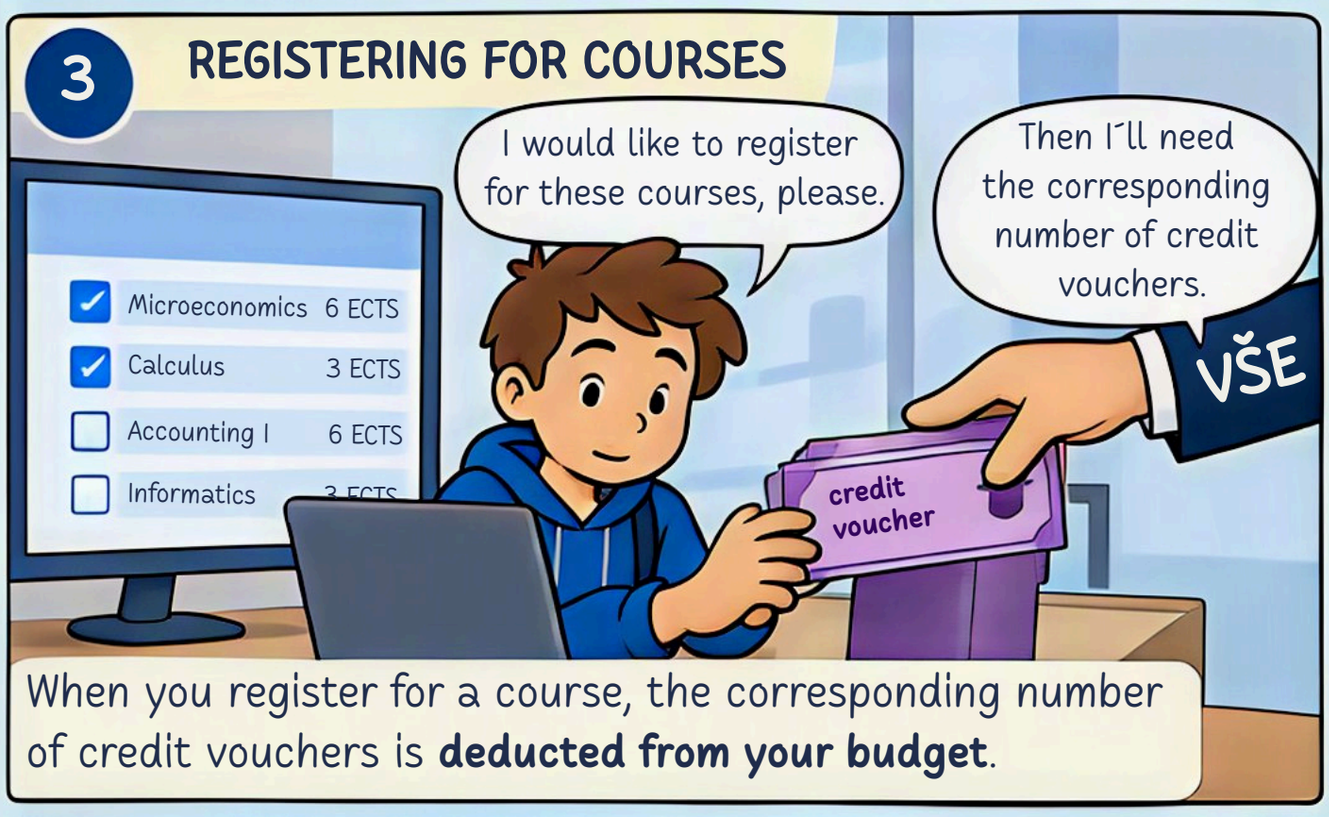

To complete my Bachelor´s degree, I need to earn **180 ECTS credits**.

2 YOUR CREDIT VOUCHER BUDGET

At the beginning of your studies you receive **216 credit vouchers**.

3 REGISTERING FOR COURSES

When you register for a course, the corresponding number of credit vouchers is **deducted from your budget**.

4 EXAM TIME

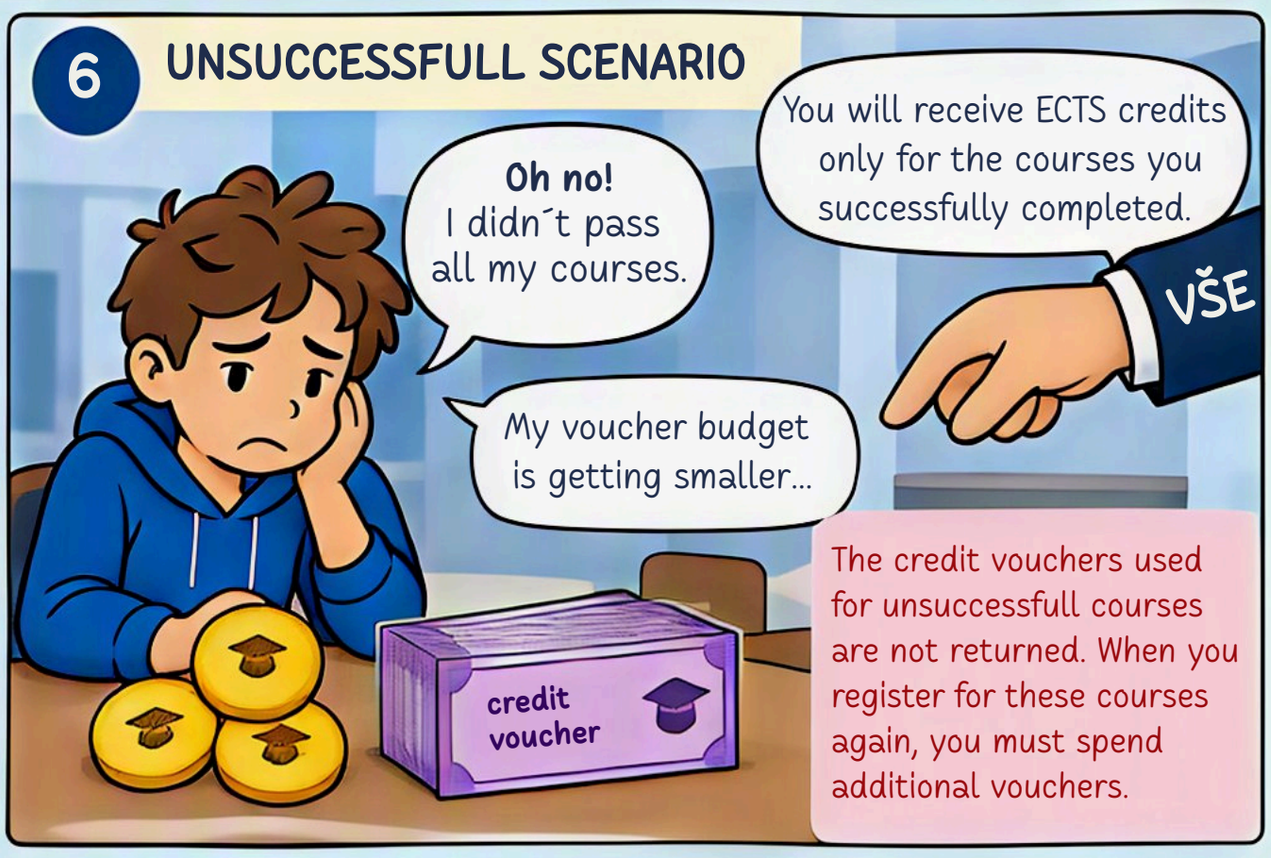

5 SUCCESSFULL SCENARIO

If you successfully complete a course, you receive the corresponding number of **ECTS credits**.

6 UNSUCCESSFULL SCENARIO

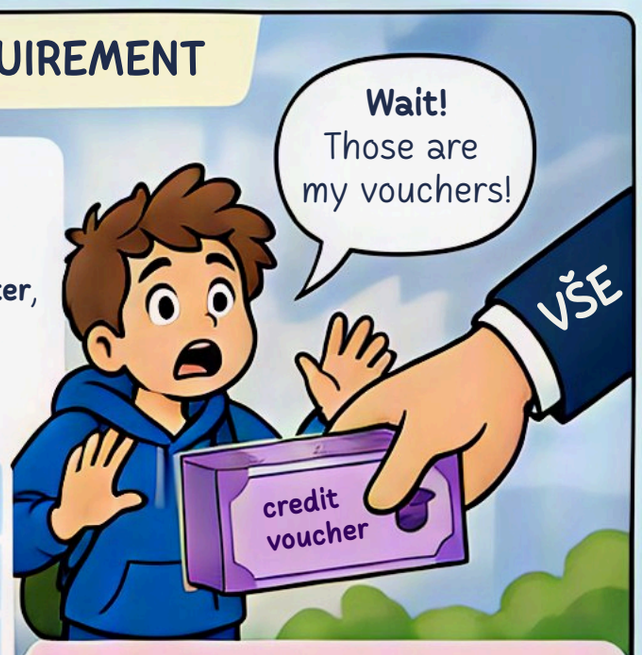

The credit vouchers used for unsuccessfull courses are not returned. When you register for these courses again, you must spend additional vouchers.

7 MINIMUM CREDIT REQUIREMENT

WATCH OUT!

If your total number of ECTS credits is **below the required minimum each semester**, the missing credits will be deducted from your credit voucher budget **due to corrections**.

Minimum number of ECTS credits:	
After **1st semester**:	at least **20 ECTS**
After **2nd semester**:	at least **40 ECTS**
After **3rd semester**:	at least **60 ECTS**
And so on...	

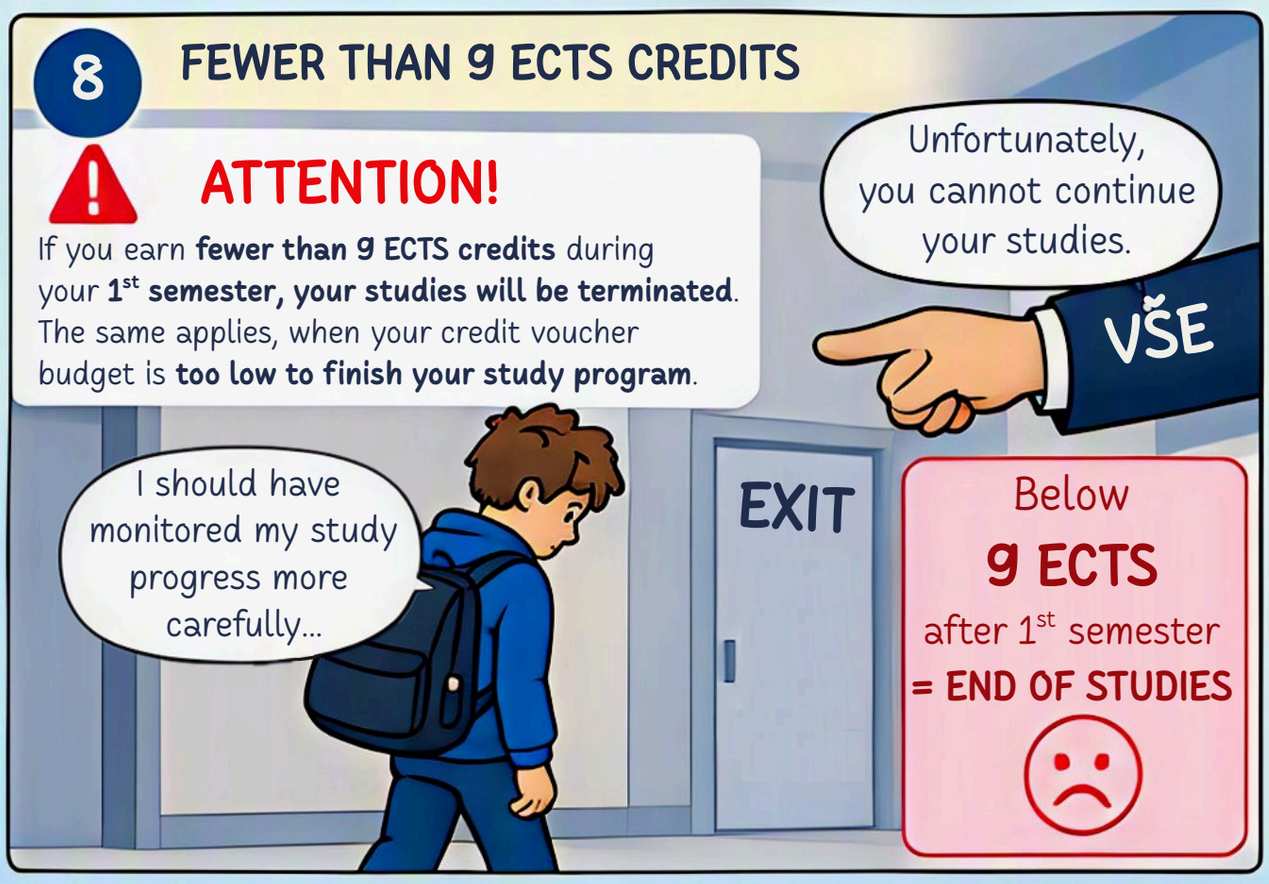

Example: You have earned only 17 ECTS after your 1st semester, **3 additional credit vouchers** will be deducted from your budget.

8 FEWER THAN 9 ECTS CREDITS

ATTENTION!

If you earn **fewer than 9 ECTS credits** during your **1st semester, your studies will be terminated**. The same applies, when your credit voucher budget is **too low to finish your study program**.

Below **9 ECTS** after 1st semester **= END OF STUDIES**

KEEP AN EYE ON YOUR CREDIT VOUCHERS AND EARN YOUR ECTS CREDITS.
