# INVESTING IN TALENTS

An investment fund that invests in people.  
**Literally.**

What we look for is an unwavering belief in success and a personality that never gives up.

# INVESTEE CAPITAL

- Fund of Excellence llc invests in students independently of their financial background. No collateral or securities are needed.
- The evaluation focuses on the personality, the motivation and drive of the investee.
- In exchange, each investee commits to pay a fixed percentage of her/his future income for a pre-determined period of time.
- The person's obligation to pay is complete at the end of the period regardless the sum paid to date. There is no repayment obligation or interest rate.

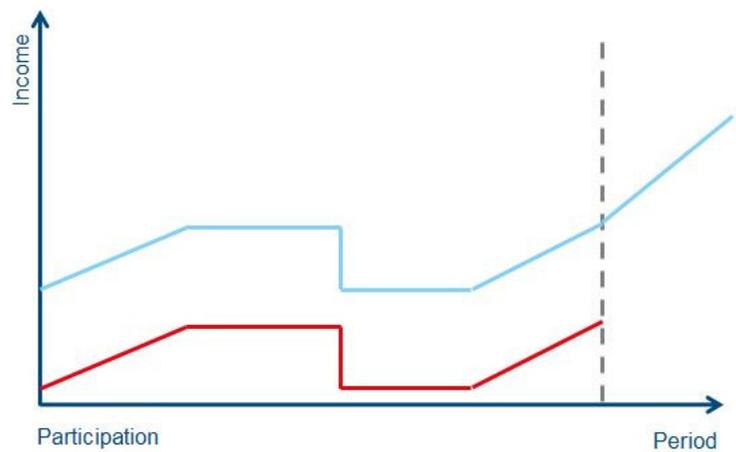

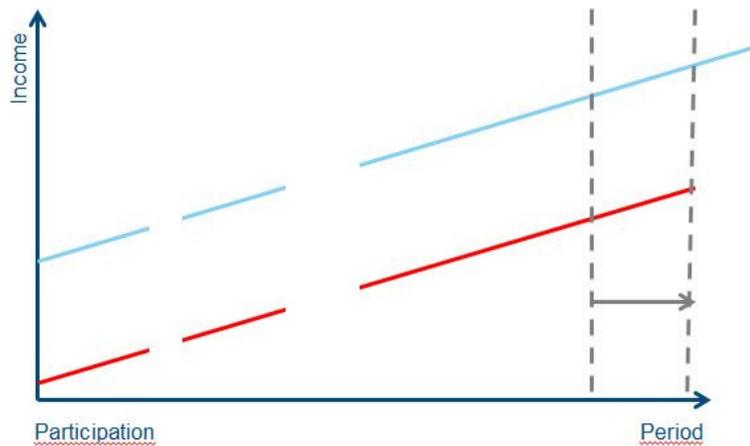

# STUDENTS

We are looking for the rising stars of your generation. You're attending an excellent university, you have charisma in spades, exciting career prospects and a vision for your future in which we can really believe.

Show us what you've got.

# EQUITY 2.0

## Investing in Talents

---

**SHOW US YOUR  
POTENTIAL!**
